

## Check out these great new programs!

### Convenience Clinics

No need to wait until your family doctor can see you! Convenience Clinics are opening rapidly all over the country. Most of these clinics charge the same as your office visit copay. If you are on a high deductible plan, you may find that these clinics are also a great way to save money over the typical doctor's office visit cost. Some items treated include:

- Allergies
- Athletes foot
- Bladder infections
- Bronchitis
- Colds
- Ear infections
- Flu
- Minor burns and sunburns
- Strep throat

You can also get vaccines for a variety of illnesses.

- Flu
- Hepatitis
- Meningitis
- Measles, mumps, rubella
- Pneumonia
- Tetanus

Check out these websites for locations, treatment options, and cost.

[Minute Clinic @ CVS](#)

[Take Care Health @ Walgreens](#)

[The Little Clinic @ Publix](#)

[Clinics @ WalMart](#)

[Target Clinic](#)

While these clinics are great for illnesses and vaccinations when you are at home, don't forget about them when you are traveling on vacation or business. If they accept your insurance (and they do accept most major insurance plans), you can save money by not having to pay out of network prices!

### Prescription Savings

Keep an eye out for these new prescription savings options. New ones are being

## Prescription Savings

Keep an eye out for these new prescription savings options. New ones are being advertised all the time. You are eligible for these savings regardless of your health insurance or prescription plan! See store websites for details.

- [Publix](#): Free oral antibiotics
- [Target](#): \$4 for 30 day supply, \$10 for 90 day supply
- [Walgreens](#): \$12 for 90 day supply
- [WalMart](#): \$4 for 30 day supply, \$10 for 90 day supply

---

You may find additional convenience clinics or prescription savings in your area. Also, these prescription offers and clinic services may change from time to time, so please check the websites for each for the most accurate information.
